

Hisham Alkaed

Data Scientist | AI & NLP Engineer

The Hague, Netherlands | hishamalkaed@outlook.com | hishamalkaed.com | [LinkedIn](#) | [GitHub](#)

SUMMARY

Data Scientist and AI Engineer with 3+ years of experience in NLP, machine learning, and knowledge graphs. Delivered production-level AI solutions across Dutch government ministries; from RAG applications and document pipelines to generative AI assistant for 100,000+ users. Multilingual: English, Dutch, Arabic, Spanish.

EXPERIENCE

Digital Business Innovator / AI Engineer Feb 2026 – Present

DMFCO & Munt Hypotheken (Part-Time)

Building an end-to-end Retrieval Augmented Generation (RAG) application integrating 20+ heterogeneous data sources.

Data Scientist Jan 2026 – Present

Ministerie van Justitie en Veiligheid – Datalab | Rijks-I Traineeship

Assisting in Data Science and NLP project. Improving and evaluating performance of different RAG pipelines.

AI Advisor May 2025 – Dec 2025

Ministerie van BZK – SSC-ICT | Rijks-I Traineeship

Crucial role delivering a generative AI assistant for 100,000+ civil servants. Co-managed implementation, advised stakeholders, drove feature development.

Data Scientist Sep 2024 – Apr 2025

Ministerie van OCW – DUO | Rijks-I Traineeship

Built end-to-end pipeline (scraping, parsing, anonymizing, indexing) for 10,000+ policy documents. Cut retrieval time by 80%.

Linked Data Consultant Jun 2024 – Aug 2024

Taxonic

Wrote SPARQL queries and helped developing ontologies for enterprise clients including healthcare. SPARQL : RDF

Teaching Assistant Sep 2022 – Jul 2023

Vrije Universiteit Amsterdam (Part-Time)

Courses: Intro to Data Science, Databases, Intelligent Systems, Computational Intelligence. Mentored 50+ students.

Python : SQL : Machine Learning

Operational Management Assistant Aug 2021 – Nov 2021

Nationale Nederlanden (Part-Time)

Automated data workflows with Power BI, reducing reporting time by 30%. Built room reservation system.

EDUCATION

Master of Arts in Linguistics – Text Mining

Vrije Universiteit Amsterdam – GPA: 8.0/10

Bachelor of Science in Artificial Intelligence

Vrije Universiteit Amsterdam – GPA: 8.8/10

CERTIFICATIONS

Knowledge Graphs Essentials

Taxonic Academy, 2024

Knowledge Graphs Foundations

Taxonic Academy, 2024

TECHNICAL SKILLS

Languages: Python, SQL, SPARQL, R, MATLAB

AI / ML: NLP, LLMs, Deep Learning, Computer Vision, Transformers, RAG

ML Frameworks: PyTorch, TensorFlow, Scikit-learn, Hugging Face, spaCy, NLTK, Gensim, LangFuse, Langchain

Data & Tools: Pandas, Elasticsearch, Streamlit, Docker, Git, Power BI, Neo4j, GraphDB

Knowledge: Knowledge Graphs, RDF, Linked Data, Ontology Engineering, Semantic Web

Spoken: English (fluent), Dutch (fluent), Arabic (native), Spanish (beginner)
